CALL FOR PAPERS AND PARTICIPATION

Tamil Nadu, India

ICSCN-2017
4th International Conference on Signal Processing, Communications and Networking
Madras Institute of Technology Campus, Anna University, Chromepet, Chennai-600044
March 16-18, 2017

The recent developments in the area of information and communication engineering in the past few years has led to unprecedented increase in the number of people using these technologies and also the interest in research and development. This conference aims to bring together innovative academics, researchers and industrial experts in the field of Communication, Signal Processing, VLSI Design, Computing and Networking fields to a common forum, for a constructive dialog on theoretical concepts and practical ideas.

The objective of this conference is to provide a forum for the researchers to present their state-of-the-art work. Practicing engineers, scientists from R&D institutions, Faculty members of engineering colleges, research scholars and post graduate students are expected to participate in this conference. The conference venue is located at the Madras Institute of Technology campus of Anna University, Chennai, Tamil Nadu, India.

ICSCN will include following types of sessions

Keynote/invited lectures, Workshops, Regular oral paper sessions, Short paper sessions, Poster sessions, Industrial presentations and exhibits session.

Topics of interest include but not limited to the following

- Adhoc and Sensor Networks
- Analog IC Design
- Analog VLSI & Digital VLSI
- Antennas and Propagation
- Biological Networks
- Broadband Wireless Access
- Coding Theory and Practice
- Cognitive Radio
- Communication Theory and Systems
- Complex Networks
- Cooperative Communication
- Evolvable Architecture
- Green Communications
- High Speed Data Converter Design
- High Speed Memory Design
- Image Processing and Pattern Recognition
- Information Theory and Coding
- Mobile & Pervasive Computing
- Multidimensional Signal Processing
- Nano Electronics
- Network and Service Management
- Network Information Theory
- Network Interoperability
- Networks and Information Security
- Next Generation Networks
- NoC & SoC Design
- Optical Communications
- Optical Networks and Systems
- Parallel and Distributed Architecture and Algorithms
- Quantum Cellular Automata
- Radar Signal and Data Processing
- Reconfigurable Architecture
- Reconfigurable Computing
- RF and Microwave Communications
- Satellite Communication
- Sensor Cloud
- Smart Grid Communications
- Social Networks
- Signal Processing
- Ultra Low Power VLSI
- Under Water Wireless Networks
- Vehicular Networks
- Video Processing & Analytics
- VLSI Architecture for High Speed Processing
- Wireless & Mobile Communication
- Wireless and Wireline Networks

Submission Details:

The papers must be submitted online through EasyChair in the following link https://easychair.org/conferences/?conf=icscn2017. The submitted papers must be original and unpublished. Papers must be written in English and should be almost six pages long in total and must conform to IEEE format. If the number of pages exceeded, extra charges will be collected at the rate of Rs. 600/page or $15/page. IEEE format can be downloaded from the conference website. The authors will be notified on the status of the paper acceptance in due course. Papers selected & presented in the conference will be forwarded to IEEE Explore for publication. For further clarifications mail to icscn2017@gmail.com.
