ABOUT ANNAM UNIVERSITY

Anna University was established in the year 1978 as a unitary type of University. It offers higher education in Engineering, Technology and allied Sciences relevant to the current and projected needs of the society. The University was formed by bringing together and integrating the well-known technical institutions in the city of Coimbatore such as College of engineering, Guindy, Madras Institute of Technology, Chelemmet, Alagappa College of Technology, School of Architecture and Planning. Anna University presently has 17 constituent campuses across Tamilnadu and about 550 Engineering Colleges under its fold. National Assessment and Accreditation Council has rated the university with “A” grade.

ABOUT MADRAS INSTITUTE OF TECHNOLOGY

Madras Institute of Technology (M.I.T) is one of the premier technical institute started in the year 1948 by Sir. C. Raman, an eminent industrialist. This institute was the first in the country to introduce specialized branches like Aeronautics, Automobile and Instrumentation Engineering. It was merged with Anna University in the year 1978. Now the institute also offer Production, Rubber and Plastics, Electronics, Computer, Information and Mechanical Engineering courses. A large number of alumni of MIT are in key positions in research and development organizations, manufacturing industries and educational institutions within the country and abroad Dr. A.P. Abdul Kalam, Former President of India, was one among the innumerable alumni of MIT.

INSTRUCTIONS

Papers submitted should be previously published in a reputed forum. The authors wishing to present in the conference are requested to submit the full length paper in .doc format, not exceeding 10 typed pages (6x6 single-column format) by e-mail as an attachment or on the deadline. All authors will be invited to present their papers, the corresponding author of selected paper will be intimated through e-mail only. Reservations in the conference will be on the form of oral or posters. The abstract of the accepted papers will be published in the conference. The softcopy of all the accepted papers will be provided in the proceedings as full length papers. Papers receive after the deadline may not be included in the conference proceedings. The paper registration for the conference must be presented by one of the registered authors in the conference. Certificate of participation presented in the registration will be issued to the registered delegates/ authors attending the conference.

IMPORTANT DATES

Last date for submission of full length paper
15th December 2016
Last date for acceptance of full length paper
20th January 2017
Last date for registration
10th February 2017

About the conference:
The Department of Production Technology is organizing an International Conference on Recent Advances in Production Engineering (RIPE 2017) in line with the various national conferences and workshops conducted in the past in the area of manufacturing, design, mechanics, automation and inspection. The noble aim is to bring together the professional and budding researchers on a common platform to discuss and exchange the ideas on recent developments and challenges in Field of Production Engineering. This will provide opportunities to researchers to gather to share their work, to learn new methods of experimentation and analysis, and to share directions in their research and organization. It also aims to share expert overview in selected research field through key note lectures to be delivered by eminent speakers from India and abroad.

The themes of the conference are:

- Advanced Manufacturing
- Composites and newer materials
- Coating and Material joining
- Production Management
- Simulation and Automation

JOURNAL PUBLICATION

After peer review process all the accepted and presented papers, will be published as a regular issue or special issue, as per norms of the referenced journals.

for the conference are requested to submit the full length paper in .doc format, not exceeding 10 typed pages (6x6 single-column format) by e-mail as an attachment or on the deadline. All authors will be invited to present their papers, the corresponding author of selected paper will be intimated through e-mail only. Reservations in the conference will be on the form of oral or posters. The abstract of the accepted papers will be published in the conference. The softcopy of all the accepted papers will be provided in the proceedings as full length papers. Papers receive after the deadline may not be included in the conference proceedings. The paper registration for the conference must be presented by one of the registered authors in the conference. Certificate of participation presented in the registration will be issued to the registered delegates/ authors attending the conference.

The Department of Production Technology was started with B Tech. (Production Engineering) Programme in the year 1977 and M.Tech. (Production Engg.) Programme in the year 1989. First time in our country, the M.T.E Programme in Mechanics was started in the year 1965. In the year 2013 M.E. Manufacturing with Specialization in Green Manufacturing (Part Time) was also started. In the Academic year 2015-2016 B.E Programme in Mechanical Engineering was also started at our Department. The Department was awarded A grade for the period 2014-16 by National Board of Accreditation (NBA). The department has organized many national level seminars/conferences/workshops/summer schools/ winter schools and many short-term training programmes in the areas of low cost automation, CNC machines and programming and fluid power automation. Since 1977, more than 55 research scholars have been awarded Ph. D. degree. Currently there are around 70 research scholars pursuing their research work in the department. Six sponsored research projects and many consultancy works have been successfully completed.
